

MOLIKULE ENTERPRISE ADMIN DASHBOARD - COMPLETE USER GUIDE

Welcome to the **Molikule Enterprise Admin Dashboard User Guide**. This document explains how to use each section of the admin panel step-by-step in simple English.

To help you navigate easily, **all sections in this guide use the exact names shown in your left sidebar menu.**

Sidebar Navigation Menu Reference

Here is the mapping of sidebar names to their functions:

- **Dashboard:** Main stats screen.
 - **Home Banners:** Manage the main sliders (1521×580px).
 - **Banners:** Manage the homepage grid promo cards (Bento Cards).
 - **Certificates:** Manage ISO and trust certifications.
 - **Customers:** View website customer profiles (Read-Only).
 - **Brands:** Register brand names and logos.
 - **Categories:** Organize products into groupings.
 - **All Products:** List, add, or bulk upload your products.
 - **Product Variants:** Add size, volume, and scent variations.
 - **Stock Management:** Manage product stock and inventory levels.
 - **All Orders:** View every order placed on the website.
 - **Pending Orders:** Orders awaiting verification.
 - **Processing Orders:** Orders currently being packed.
 - **In-Transit:** Shipped orders on their way to customers.
 - **Delivered:** Successfully completed orders.
 - **Discount Coupons:** Create promo discount codes.
 - **Blog Manager:** Write and publish blog articles.
 - **Product Reviews:** Approve or delete customer reviews.
 - **Contact Messages:** Read messages sent via the contact form.
 - **NEXUS Enquiries:** View NEXUS certification requests.
 - **Job Applications:** View candidate resumes and details.
 - **Open Positions:** Post hiring vacancies.
-

1. Login and Dashboard Overview

How to Log In

1. Open your web browser and go to the admin login page (e.g., `yourdomain.com/login`).
2. Enter your registered **Email Address** and **Password**.
3. Click the **Log In** button.
4. If successful, you will be redirected to the main Dashboard page.
 - *Note: Only accounts with Admin privileges can log in.*

Dashboard Overview

- **Stats Cards:** Displays quick counts of total orders, pending orders, processing orders, and today's orders.
 - **Navigation Bar:** Located on the left side of the screen. Use this menu to navigate to different sections of the admin panel.
-

2. Interactive Tables (Grid.js)

The dashboard uses modern interactive tables (**Grid.js**) to list brands, categories, products, and orders.

Key Table Features

- **Search Field:** Type keywords in the search bar to filter rows instantly.
 - **Result Filters:** Drop-down menus to filter items by Brand, Category, or Status.
 - **Clear Filter Button:** Click to reset the search instantly.
 - **Pagination:** Click the page numbers at the bottom of the table to navigate through items.
 - **Sorting:** Click any column header to sort the table rows in ascending or descending order.
-

3. Global Search and Suggestions

Located at the top header of the admin panel is the **Global Search Bar**. This is a powerful, instant lookup tool.

How to Search

1. Click on the search bar at the top header of the screen.
 2. Start typing a keyword (e.g., a product name, category title, or brand name).
 3. Review the instant drop-down list of suggestions matching your keyword.
 4. Click on any item in the suggestion list to navigate directly to its edit form.
-

4. Home Banners

Use this section to manage the slide banners that display on the main page of your website.

Banner Limit: You can have a maximum of **6 active banners** at any time. If you already have 6 banners, the **Create Banner** button is disabled. You must delete an existing banner before creating a new one.

How to Add (Create) a Banner

1. Click **Home Banners** in the left sidebar menu.
2. Click the **Create New Banner** button at the top right of the page.
3. Upload the **Banner Image** (Must be exactly **1521 × 580 pixels** and under **5 MB**).
4. Click the **Create Banner** button.
5. If successful, a green success message will appear, and the banner will go live.

How to Edit a Banner

1. Go to the **Home Banners** list page.
2. Locate the banner you want to change and click the **Edit** (pencil icon) button.
3. Upload a new image in the upload area.
4. Click **Update Banner**.

How to Toggle Status (Activate / Inactivate)

1. On the **Home Banners** list, locate the toggle switch next to each banner.
2. Click the switch to toggle between **Active** (visible on website) and **Inactive** (hidden).

How to Delete a Banner

1. On the **Home Banners** list, click the **Delete** (trash icon) button next to the banner.
2. Confirm the delete request in the popup.

5. Banners (Bento Cards)

Use this section to manage the grid promotional cards shown on the home page.

How to Add a Bento Card

1. Click **Banners** (the second one in the sidebar) in the left sidebar menu.
2. Click the **Add Bento Card** button at the top right of the page.
3. Upload the **Image** (Must be under **5 MB**).
4. Toggle the **Publish (Active)** switch to make it live.
5. Click **Save Bento Card**.

How to Edit a Bento Card

1. Go to the **Banners** list page.
2. Locate the card you want to change and click the **Edit** (pencil icon) button.
3. Modify the image or settings.
4. Click **Save Bento Card**.

How to Delete a Bento Card

1. On the **Banners** list, click the **Delete** (trash icon) button next to the bento card.
2. Confirm the delete request in the popup.

6. Certificates

Use this section to add trust seals (like ISO certifications) that display on the footer or sidebar of the website.

How to Add a Certificate

1. Click **Certificates** in the left sidebar menu.
2. Click the **Add Certificate** button at the top right of the page.
3. Enter the **Certificate Title** (e.g., *ISO 9001:2015 Certified*).
4. Upload the **Certificate Image** (Must be under **5 MB**).
5. Set the toggle to **Active (visible on website)**.
6. Click **Save Certificate**.

How to Edit a Certificate

1. Go to the **Certificates** list page.
2. Locate the certificate you want to change and click the **Edit** (pencil icon) button.
3. Modify the title, image, or active status.
4. Click **Save Certificate**.

How to Delete a Certificate

1. On the **Certificates** list, click the **Delete** (trash icon) button next to the certificate.
2. Confirm the delete request in the popup.

7. Customers (Read-Only)

Use this section to view registered storefront customer accounts.

How to View Customers

1. Click **Customers** in the left sidebar menu.
 2. Review the list of registered customer accounts.
 3. Click the **View** (eye icon) button next to a customer to see detailed customer profile data, transaction history, and associated shipping addresses.
-

8. Brands

Use this section to manage the manufacturer names or brand labels.

How to Add (Register) a Brand

- 1. Click **Brands** in the left sidebar menu.
- 2. Click the **Add Brand** button at the top right of the page.
- 3. Enter the **Brand Name**.
- 4. Upload the **Brand Logo** (Must be exactly **1024 × 1024 pixels** and under **5 MB**).
- 5. Switch the toggle to active so products under this brand can be displayed.
- 6. Check **Featured Brand** if you want to highlight this brand on the homepage.
- 7. Click **Register Brand**.

How to Edit a Brand

- 1. Go to the **Brands** list page.
- 2. Locate the brand you want to change and click the **Edit** (pencil icon) button.
- 3. Modify the brand name, logo, or settings.
- 4. Click **Update Brand**.

How to Delete a Brand

- 1. On the **Brands** list, click the **Delete** (trash icon) button next to the brand.
- 2. Confirm the delete request in the popup.
 - *Note: The system will block deletion if any active product is currently assigned to this brand.*

Brand Bulk Upload CSV Format

- 1. Click **Bulk Upload** and click **Download Template** (brands_template.csv).
- 2. Fill in the column:

CSV Column Header	Description	Example Value	:	---	:	---	:	---	:	brand_name	Name of the brand
											<i>Molikule Pro</i>

- 3. Save and upload.
-

9. Categories

Use categories to group your products (e.g., "Home Care", "Automotive Care").

How to Add a Category

1. Click **Categories** in the left sidebar menu.
2. Click the **Add Category** button at the top right of the page.
3. Enter the **Category Name**.
4. Upload the **Category Cover Image** (recommended size is **512 × 512 pixels**).
5. Toggle on the active status.
6. **Theme Settings (Optional)**: Set custom colors, border styles, and backgrounds for the category landing page.
7. Click **Submit**.

How to Edit a Category

1. Go to the **Categories** list page.
2. Locate the category you want to change and click the **Edit** (pencil icon) button.
3. Modify the name, image, status, or theme settings.
4. Click **Submit**.

How to Delete a Category

1. On the **Categories** list, click the **Delete** (trash icon) button next to the category.
2. Confirm the delete request in the popup.
 - *Note: The system will block deletion if any active product is currently assigned to this category.*

Category Bulk Upload CSV Format

1. Click **Bulk Upload** and click **Download Template** (categories_template.csv).
2. Fill in the column:

CSV Column Header	Description	Example Value	:---	:---	:---	category_name	Name of the
category		Floor Cleaners					

3. Save and upload.
-

10. All Products

Use this section to list new products and upload products in bulk.

How to Add (Launch) a Product

1. Click **All Products** in the left sidebar menu.
2. Click the **Launch New Product** button at the top right of the page.
3. **Step 1: General Details:** Enter the name, select category/brand, upload the main image (Must be exactly **1080 × 1080 pixels**), upload gallery images, and enter descriptions. Click **Next: Inventory**.
4. **Step 2: Base Inventory & Pricing:** Enter flavor/scent, size/volume, MRP, discount values, initial stock quantity, and unique SKU. Click **Next: Shipping**.
5. **Step 3: Shipping & Status:** Enter package weight, length, width, height dimensions, set status to Active, and toggle Popular Pick if desired.
6. Click **Submit**.

How to Edit a Product

1. Go to the **All Products** list page.
2. Locate the product you want to change and click the **Edit** (pencil icon) button.
3. Modify any of the fields in the multi-step form.
4. Click **Submit**.

How to Delete a Product

1. On the **All Products** list, click the **Delete** (trash icon) button next to the product.
2. Confirm the delete request in the popup.

Product Bulk Upload CSV Format

1. Click **Bulk Upload** and click **Download Template** (products_template.csv).
2. Fill in the template using the exact column headers below:

CSV Column Header	Description	Example Value		:---		:---		:---		name	Name of the product
		<i>Wax polish</i>		category_id	Database ID of the Category	1		brand_id	Database ID of the Brand		
		1		short_description	Short summary line	<i>Wax Polish enhances shine.</i>		description	Full usage details		
		<i>Wax Polish is a protective...</i>		weight	Package weight value	5.25		weight_unit	Unit: kg or g	kg	
		kg		length	Package length	20.00		width	Package width	14.00	
		20.00		height	Package height	31.98		dimension_unit	Unit: cm or mm	cm	
		cm		variant_value	Scent/Flavor of first variant	<i>Wax Polish Scent</i>		variant_unit	Size/Volume of first variant	5L	
		5L		variant_mrp	Original MRP price	2400.00		variant_stock	Initial stock quantity	50	
		50		variant_sku	Unique SKU code	A-WX-01					

3. Save and upload.

11. Product Variants

Use this section to add size, volume, and scent variations to your products.

How to Add a Product Variant

1. Click **Product Variants** in the left sidebar menu.
2. Click the **Add Variant** button at the top right of the page.
3. Select the parent brand, category, and product.
4. Upload the **Variant Main Image** (recommended size is **600 × 600 pixels**).
5. Enter the flavor name/scent, SKU, unit type, quantity value, MRP, selling price, and stock quantity.
6. Click **Save Variant**.

How to Edit a Product Variant

1. Go to the **Product Variants** list page.
2. Locate the variant you want to change and click the **Edit** (pencil icon) button.
3. Modify the pricing, stock levels, images, or status.
4. Click **Save Variant**.

How to Delete a Product Variant

1. On the **Product Variants** list, click the **Delete** (trash icon) button next to the variant.
2. Confirm the delete request in the popup.

Variant Bulk Upload CSV Format

1. Click **Bulk Upload** and click **Download Template** (`variants_template.csv`).
2. Fill in the template using the exact column headers below:

CSV Column Header	Description	Example Value		:---		:---		:---		product_id	Database ID of the parent Product
		1				variant_value	Scent/Flavor of this variant			Wax Polish Scent	
						variant_unit	Size/Volume (e.g. 500ml, 5L)			5L	
						variant_mrp	Original MRP price			2400.00	
						variant_stock	Initial stock quantity			50	
						variant_sku	Unique SKU code			A-WX-01	

3. Save and upload.
-

12. Stock Management

Use this section to check, edit, and keep track of all stock counts.

How to Adjust Stock Quantity

1. Click **Stock Management** in the left sidebar menu.
 2. Locate the product or variant you want to adjust.
 3. Enter the new stock count directly inside the input field in the table.
 4. Click the save button next to the input to update the quantity instantly.
-

13. Order Management

Use these sections in the sidebar (**Pending Orders**, **Processing Orders**, **In-Transit**, **Delivered**, and **All Orders**) to track and process customer purchases.

How to Update Order Status

1. Click any orders page (e.g., **Pending Orders** or **All Orders**) in the left sidebar menu.
2. Locate the order you want to update and click its details page.
3. Use the action dropdown to transition the order:
 - Select **Processing** when you begin packing. (Triggers an email notification).
 - Select **Dispatched** when handing over to the courier. (Triggers an email notification; order moves to **In-Transit**).
 - Select **Delivered** when the customer receives it. (Triggers an email notification; order moves to **Delivered**).
 - Select **Cancelled** to cancel the order and return stock back to inventory.

How to View, Print, or Download an Invoice

1. Go to any order details page.
 2. Click the **Invoice** action button:
 - Click **View** to see the invoice preview.
 - Click **Print** to send the invoice to your printer.
 - Click **Download** to save the invoice as a PDF file.
-

14. Discount Coupons

Use this section to create promotional codes to offer discounts to your customers.

How to Create a Coupon

1. Click **Discount Coupons** in the left sidebar menu.
2. Click the **Create Coupon** button at the top right of the page.
3. Enter the Coupon Code, Status, Discount Type (percentage or flat amount), Discount Value, Minimum Cart Value, Usage Limits, and Start/Expiry Dates.
4. Click **Create Coupon**.

How to Edit a Coupon

1. Go to the **Discount Coupons** list page.
2. Locate the coupon you want to change and click the **Edit** (pencil icon) button.
3. Modify the limits, dates, or values.
4. Click **Update Coupon**.

How to Delete a Coupon

1. On the **Discount Coupons** list, click the **Delete** (trash icon) button next to the coupon.
 2. Confirm the delete request in the popup.
-

15. Blog Manager

Use this section to write and publish articles, laundry tips, and product care guides.

How to Add a Blog Post

1. Click **Blog Manager** in the left sidebar menu.
2. Click the **Add New** button at the top right of the page.
3. Enter the title, excerpt (between 20 and 500 characters), description details (minimum 50 characters) in the editor, select a category, and upload a feature cover image.
4. Click **Save Blog**.

How to Edit a Blog Post

1. Go to the **Blog Manager** list page.
2. Locate the blog you want to change and click the **Edit** (pencil icon) button.
3. Modify the title, excerpt, content, or feature image.
4. Click **Save Blog**.

How to Delete a Blog Post

1. On the **Blog Manager** list, click the **Delete** (trash icon) button next to the blog.
 2. Confirm the delete request in the popup.
-

16. Product Reviews

Use this section to moderate review comments submitted by storefront users on products.

How to Moderate Reviews

1. Click **Product Reviews** in the left sidebar menu.
2. Review the list of customer ratings and comments.
3. Toggle the status switch to approve (visible on website) or hide (hidden from website) a review.

How to Delete a Review

1. On the **Product Reviews** list, click the **Delete** (trash icon) button next to the review.
 2. Confirm the delete request in the popup.
-

17. Contact Messages

Use this section to read and manage general queries sent from the website contact page.

How to Manage Messages

1. Click **Contact Messages** in the left sidebar menu.
2. Click **Mark as Read** to resolve, or **Mark as Unread** to review later.

How to Delete a Message

1. On the **Contact Messages** list, click the **Delete** (trash icon) button next to the message.
 2. Confirm the delete request in the popup.
-

18. NEXUS Enquiries

Use this section to manage enquiries relating to NEXUS certifications.

How to Manage NEXUS Enquiries

1. Click **NEXUS Enquiries** in the left sidebar menu.
2. Review user details and requested certification messages.
3. Click **Mark as Read** to resolve, or **Mark as Unread** to review later.

How to Delete an Enquiry

1. On the **NEXUS Enquiries** list, click the **Delete** (trash icon) button next to the enquiry.
 2. Confirm the delete request in the popup.
-

19. Job Applications & Open Positions

How to Add a Job Position

1. Click **Open Positions** in the left sidebar menu.
2. Click the **Add Position** button at the top right of the page.
3. Enter the Title, Description, and requirements, and set status to active.
4. Click **Save Position**.

How to Edit a Job Position

1. Go to the **Open Positions** list page.
2. Locate the job and click the **Edit** (pencil icon) button.
3. Modify the details and click **Save Position**.

How to Delete a Job Position

1. On the **Open Positions** list, click the **Delete** (trash icon) button next to the position.
2. Confirm the delete request in the popup.

How to View and Manage Job Applications

1. Click **Job Applications** in the left sidebar menu.
2. Review candidate names, details, and resumes.
3. Click **Mark as Read** or **Mark as Unread**.
4. Click the **Delete** button next to an application to permanently remove it.
